### Jail inmates shatter GED record

Seven inmates from the Alachua County Jail passed their GED tests in June, topping the record for all 2007.

During the first six months of 2008, twenty-eight inmates (25 adults and 3 juveniles) have passed their General Educational Development (GED) tests. Twenty-two inmates (20 adults and 2 juveniles) passed GED tests in 2007. Three of the 10 juvenile inmates who took the test this year have passed while 25 adults - of the 66 who took the test in 2008 - made passing grades.

The average grade level for those tested was the fourth grade. Their average length of their stay at the jail was 40-60 days.

In 2007, two of the 14 juvenile inmates who took the GED test passed. Twenty of the 53 adult inmates who took the test passed. In 2006, fifteen inmates obtained GED's while at the jail.

All general population inmates are eligible to improve their educational skills through a partnership with the Alachua County School Board. After completing the Test of Adult Basic Education, GED preparation is provided for those inmates without a high school diploma who test at or above the ninth grade level. Those who test below the ninth grade level in one or more of three subject areas (reading, writing and math) are eligible to attend classes.
