To the inmate:

This Handbook is provided to help answer any questions you may have during your confinement in the Department of the Jail. One of our objectives is to protect your rights. It is also important that you respect the rights of your fellow inmates and the staff members. You will benefit by becoming familiar with the contents of this handbook. It contains the rules and regulations that govern the facilities and the individuals incarcerated within them. It also provides information on many programs and services available to you while detained and following release.

Director, Department of the Jail

**The Alachua County Sheriff's Office
will not tolerate inmate sexual
battery/abuse.**

While you are incarcerated, no one – neither inmate nor any staff member – has the right to pressure you to engage in any sexual act.

If you are victimized, report the incident IMMEDIATELY to a staff member. You may also call **491-4539**, toll free, from any cell area to report the incident. Clearly state and SPELL your last name when leaving message. Staff will immediately protect you from the assailant and will refer you for a medical exam.

Any sexual activity between inmates and staff, or inmate and inmate, is prohibited and will be investigated. Violators will be subjected to a full range of criminal and administrative sanctions.

Pepper Mace and Electronic Stun Devices

For the safety of staff and other inmates, this facility uses pepper mace and electronic stun devices for controlling unruly or aggressive inmates. If you are given a verbal order by a staff member to cease resisting, you should comply immediately to prevent possible application of an aerosol pepper spray or activation of an electronic charge that will incapacitate you. Pepper spray is a biodegradable agent and the effects of being sprayed are only temporary, lasting approximately forty-five minutes. The effects of the electric shock are also temporary and cause no permanent harm. In either case, if you comply with verbal orders when given, neither will be used.

ATTENTION
Alachua County Jail Inmates

As an added convenience to you and your friends and family, the Alachua County Sheriff's Office Department of the Jail is now offering an opportunity for cash deposits in a lobby Kiosk money machine.

Visitors may deposit in \$5 dollar minimum increments, U.S. currency, to your Inmate Trust Fund account. The visitor may also use a *DISCOVER*, *VISA*, *MASTERCARD* or *AMERICAN EXPRESS* to deposit funds, too.

These dollars may be deposited 24 hours a day and are real-time transactions. Of course, some of you are responsible for subsistence fees but those do not prohibit your spending opportunities with Commissary.

The Kiosk/Money Machine is operated by a third-party, not the Alachua County Sheriff's Office. A small fee is charged to the depositor each time money is put in your account.

The depositor must know your full name and MNI number to leave money. That is YOUR responsibility.

Also, as an added convenience to you and your friends and family, bonds may also be paid using a credit or debit card through Government Payment Service, Inc. (GovPayEXP) at 1-888-277-2535 or www.govpaynow.com. The Pay Location Code (PLC) number for the Alachua County Sheriff's Office Department of the Jail is 6707.

I. SEXUAL ABUSE/ASSAULT AWARENESS

A. DEFINITIONS

1. Inmate-on-Inmate Sexual Abuse/Assault – One or more inmates touching, or other actions and/or communications by one or more inmates aimed at coercing and/or pressuring another inmate to engage in a sexual act. Sexual acts or contacts between inmates, even when no objections are raised, are prohibited acts.
2. Staff-on-Inmate Sexual Abuse/Assault – Engaging in, or attempting to engage in a sexual act with any inmate or the intentional touching of an inmate's genitalia, anus, groin, breast, inner thigh or buttocks with the intent to abuse, humiliate, harass, degrade, arouse or gratify the sexual desire of any person. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised, are always illegal.

B. SELF PROTECTION AND PREVENTION

1. While incarcerated, no one has the right to pressure you to engage in sexual acts. Inmates do not have to tolerate sexual assault or pressure to engage in unwanted sexual behavior.
2. Everyone can take steps to reduce the possibility of sexual assault. Some of those steps are:
 - a. Choose your associates wisely. Look for people who are involved in positive groups and activities.
 - b. Avoid being alone.
 - c. Do not accept gifts or favors from others. Most gifts come with a string attached.
 - d. Do not accept an offer from another inmate to be a protector.
 - e. Avoid borrowing and becoming indebted to someone.
 - f. Find a staff person with whom you feel comfortable discussing your concerns about sexual misconduct.
 - g. Carry yourself in a confident manner. Do not permit your emotions (fear/anxiety) to be obvious to others.
 - h. Be alert! Contraband substances such as drugs and alcohol will weaken your ability to stay alert and make good judgments.
 - i. Be direct and firm if others ask you to do something you do not want to do.
 - j. Stay in well-lit areas.
 - k. Trust your instincts. If you sense a situation is dangerous, it probably is.
3. It is NEVER appropriate for a staff member to make sexual advances, comments or to engage in sexual contact with an inmate. Even if the inmate wants to be involved with the staff member, the staff member is not allowed to respond.
4. It is not appropriate for an inmate to approach a staff member in a sexual nature - this type of behavior is prohibited and corrective action will be taken to stop

such behavior from occurring.

5. Any sexual activity between inmates and staff, or inmate and inmate, is prohibited and will be investigated. Violators will be subjected to a full range of criminal and administrative sanctions.

C. REPORTING PROCEDURES

1. Sexual misconduct is prohibited, but it must be reported before action can be taken. Do not rely on anyone else to report misconduct - when it is experienced or seen, report it immediately.
2. If you are victimized, immediately report the incident to a staff member. You may also call 491-4539, toll free, from any cell area to report the incident. Clearly state and spell your last name when leaving a message. Staff will immediately protect you from the assailant and will refer you for a medical exam.
3. Keep in mind a thorough investigation takes time. The investigation must clearly support or refute any allegation with evidence, information gathered from witnesses, and documentation.
4. After the investigation is finished, one of the following decisions will be reached:
 - a. There is sufficient evidence to conclude the allegation is true.
 - b. There is insufficient evidence to conclude the allegation is or is not true.
 - c. There is enough evidence to prove that the allegation is not true. This means that the evidence shows that the inmate made a false allegation. If the investigation proves the inmate made a false allegation, she/he is subject to corrective action being taken including discipline.
 - d. There is not enough evidence to prove that the allegation is true, but there is evidence to prove that another law, policy or rule was violated.

D. TREATMENT AND COUNSELING

1. Even though you may want to clean up after the assault, it is important that you advise staff immediately, or as soon as practical, and be seen by medical staff before you shower, wash, drink, change clothing, or use the bathroom. Medical staff will examine you for injuries, which may or may not be obvious to you.
2. It is very important that you understand that you can receive medical care. The medical care is for the purposes of treating any injuries and keeping you healthy. Medical information gathered during treatment is confidential.
3. Any form of coerced or illegal sexual activity is degrading and may result in psychological distress.

N. Telephone Use

Current inmate telephone service within the Alachua County Sheriff's Office-Department of the Jail is provided by Correctional Billing Services (CBS), a division of Evercom/T-Netix.

All problems relating to telephone service either here at the jail or problems experienced by the friends and family members of inmates, MUST be referred to CBS by calling their toll free help number: 1-800-844-6591.

NO ONE WITHIN THE DEPARTMENT OF THE JAIL FACILITY CAN CORRECT TELEPHONE USE PROBLEMS, SO, ALL CONCERNS FROM EITHER INMATES OR FROM THEIR FRIENDS AND FAMILY MEMBERS MUST BE RELAYED TO THE ABOVE LISTED TOLL FREE NUMBER TO BE CORRECTED.

DO NOT CALL, NOTIFY OR WRITE ANY DEPARTMENT OF THE JAIL EMPLOYEES CONCERNING ANY TELEPHONE USAGE PROBLEMS AS THEY WILL NOT RESPOND TO ANY TELEPHONE RELATED COMPLAINTS.

1. Instructions for telephone use:

- a. Telephone calls require a personal identification number (PIN) consisting of eight numbers. Your PIN will be the eight numbers listed in your Booking or JBN number, which is located on your wrist band. I.E. ASO09JBN001234 would provide the user a **PIN of 09001234 (plus your 2-digit month and day of your birth at the end)**. Therefore, if your birthday is January 7, 1987, the correct PIN number for telephone usage would be 090012340107, with the date of birth added correctly to the end of your Booking or JBN number.
 - b. The first time a PIN is used you must clearly state your name correctly. If you fail to do so, you may experience a delay before being permitted to change your recorded name. In order to change your recorded name, you must call 1-800-844-6591 **as no one here at the Department of the Jail is able to make these changes within the telephone system.**
 - c. If you share your PIN or use another inmate PIN, all parties involved will receive disciplinary action and have their telephone privileges suspended for ninety days.
2. Calls made from Inmate Phones are subject to being recorded and monitored by DOJ Staff. If your family has any problems accepting your calls tell them to call SECURUS at the toll free number: 1-800-844-6591. Family numbers are not blocked by this facility unless specifically requested by the number's owner or they choose to manually block them when a call is received. However, some private telephone companies will block certain telephone calls and this issue must be addressed with the telephone service provider of the friend or family member who is experiencing problems. Access to the telephone is a privilege. Intentionally damaging a telephone may result in criminal charges, an Inmate Disciplinary Report, and delay the phone being repaired or replaced.
 3. Telephone privileges will be provided daily between 8:00 am and 10:00 pm.
 4. All calls must be made collect. Credit card and third party billing will not be permitted. Prior to calls being allowed, the party that you are calling must set up an account with the telephone service vendor. Establishing an account may be

accomplished by calling the toll free number provided above.

5. The telephone is a privilege and must be shared equally by all. The lengths of telephone calls are automatically monitored and limited to fifteen (15) minutes. Notification is provided prior to the expiration of the 15-minute time limit.
6. Telephone calls of a threatening nature from an inmate to a second party will be investigated and prosecution may result. Additionally, loss of phone privileges may occur.
7. An inmate will be afforded a warning for the placement of a nuisance call to any reporting party. However, if the problem persists, the violator risks losing his/her phone privileges.
8. Disciplinary actions involving telephone restrictions shall not include the inmate's right to call his attorney or bondsman.
9. All calls, except those to Public Defenders and attorneys appointed by the court, are collect.
10. Inmates are not allowed to make calls to the offices of this facility or to call staff members at home.
11. The inmate telephone system is designed to block all attempts for three-way calling, call forwarding, call waiting and calls placed on hold. Cordless and cell phones are detected as three-way calls. Therefore, it is recommended that the person you are calling use a standard phone. If the system detects an attempt by the party you called to activate any of these features, the call will be immediately disconnected. The person who accepts the call will receive a message prior to accepting the phone call informing them that attempting to use these functions will cause an immediate disconnect. Do not ask the person you call to do any of the mentioned functions.
12. There is a metal tag on each phone that reads WARNING: Damaging this telephone is a felony punishable by up to five (5) years in prison and a fine of \$5,000 F.S. 806.13(3). Florida Statute 806.13(3) reads: Whoever, without the consent of the owner thereof willfully destroys or substantially damages any public telephone, or telephone cables, wires, fixtures, antennas, amplifiers, or any other apparatus, equipment, or appliances, which destruction or damage renders a public telephone, shall be guilty of a felony of the third degree, punishable as provided in s.755.082, s.77.083, or s.755.084; provided, however, that a conspicuous notice of the provisions of this subsection and the penalties provided shall have been posted on or near the destroyed or damaged instrument and visible to the public at the time of the commission of the offense.
13. Inmates who need to make emergency/essential non-collect calls need to submit a request to the caseworker. The caseworker will determine if there is an emergency or if it is essential to call.
14. Telephone Monitoring :
 - a. All inmate telephones within the Department of the Jail have the capability of being monitored and the conversation(s) recorded.
 - b. To ensure strict controls are placed on the monitoring capabilities, the equipment for monitoring the phones will be kept in a secure location with

restricted access. It is not available for general use.

15. TTY-There is a TTY (Telecommunication Device) phone available for inmates who are hearing impaired. Contact the detention officer on duty for assistance with the TTY machine.

O. Visitation:

1. All inmates not on disciplinary confinement will be provided the opportunity for:
2. Two (2) hours of non-contact visitation per week (Sunday through Saturday).
3. Only two (2) visitors during one session. Each session may be divided between the approved visitors.
4. Proper photo identification is required of all visitors.
5. Altered or expired identification will not be accepted as positive ID for visitors
6. Any child under the age of 18 years must be accompanied by an adult.
7. Children visitors must stay with their custodian at all times. If this is not done, visitation may be canceled.
8. Young adults, 14 years old and over, must have valid picture identification with proof of age.
9. Visitation schedules will be posted in the housing unit or with the duty post officer. (see the Visitation Schedule at the end of this booklet)
10. For those inmates housed in areas with only upper level visitation booths, accommodations will be made using alternative visitation areas. Visitation schedules will be determined on a case by case basis in order to accommodate the specific inmate's classification. If needed, such accommodation should be requested using the inmate request form.
11. Rules for Visitors:
 - a. Visitors are permitted to visit only the inmate they have signed up to visit.
 - b. Visitors who are unruly or under the visible influence of drugs or alcohol will be denied visitation.
 - c. Inmates will be responsible for the behavior of their visitors. Obscene and/or offensive gestures, acts or language is strictly prohibited
 - d. Property for inmates will not be accepted during visitation and no items will be transferred between a visitor and an inmate.
 - e. There will be no defacing of facility property. This includes telephones, seats, walls, windows, etc.
 - f. All inmates and visitors must be fully clothed at all times during visitation. "Fully clothed" means a manner considered appropriate by the Department of the Jail. Shoes, shirts, slacks, dresses, and shorts and undergarments, bras, underwear, etc., must be appropriately worn at all times. No garment shall be made of a sheer, see-through type material. Bathing suits are not allowed. Shirts designed to be tucked in must be tucked in and buttoned.
 - g. Visitors may not bring in medication except for nitroglycerin and respiratory inhalers, nor can they carry any personal property and/or food or drinks into

any portion of the facility.

12. The facility reserves the right to refuse the entrance of any person, or terminate any visit when deemed necessary to enforce the rules and regulations of the facility.
13. All visitors must successfully clear the metal detector or be searched prior to entering the facility. Introduction of contraband is a violation of State law and may result in arrest and criminal prosecution.
14. If a visitor signs up for a visit and does not use the whole hour that they are allotted, the visit is recorded as the entire hour being utilized. For example: A visitor only visits the inmate for fifteen (15) minutes. The remaining time is forfeited and the visit is recorded as one (1) hour. Therefore, the inmate only has one (1) hour of visitation remaining, not one (1) hour and forty-five (45) minutes.
15. Clergy must have a proper Ordained Minister card or a Department of Corrections Chaplain card or be on the Volunteer Visitor Log and must be on the approved clergy list.
16. Inmates who have immediate family members (Mother, Farther, Grandmother, Grandfather, Brother, Sister) who are a member of the clergy and have been approved through the chaplain will not be allowed the use of clergy visitation privileges under any circumstances.
17. Clergy members/visitors will be allowed to visit at a time which does not disrupt the normal operations of the facility and shall not interfere with inmate's normal (2) two hours per week visitation.
18. Visitation privileges will be allowed for all inmates 24 hours after they attend first appearance, or 24 hours following booking for all other inmates that are not being first appeared. Attorneys and clergy are the only exception to this rule.
19. Individuals who are court ordered not to have contact with the inmate will not be allowed to visit. If an attempt to visit is made, that inmates' visitation privilege will be revoked for all visitors (except legally mandated visits) for thirty days.
20. If a "No Contact" order has been lifted and you wish to be allowed visitation with someone you were previously not allowed to have contact with, you should notify your Classification Caseworker via an Inmate Request Form. Once the Caseworker has verified that the order has been lifted, notation will be made in the Jail Management System and the person will be allowed to visit you if all other visitation requirements have been met.
21. Visitors are subject to warrant checks and arrest.
22. Trustees will not be allowed visitation during their scheduled work time.

7. All orders are pre-bagged by commissary.
8. Indigent inmates may order indigent packages through the commissary. For an inmate to do this, the top portion of the form is to be filled out, along with the bottom portion pertaining to indigent inmates.
9. Indigent inmates must fill out a request form in order to receive legal materials such as paper and envelopes. This material may only be used for legal writings.
10. Only commissary staff will be allowed to give inmates their orders.
 - a. **If you are not wearing your inmate wristband, you will not receive commissary.**
11. Inmates not present during the commissary delivery because of authorized absence will be given their commissary order as soon as possible upon their return.
12. Under no circumstances will any inmate be allowed to receive another inmate's commissary order.
13. Questions regarding inmate accounts or any commissary orders shall be submitted in writing and sent to the commissary staff.

No refunds will be given to inmates released prior to receiving their orders, however, the order will be held for ten (10) business days and may be picked up during that time by making an appointment with commissary staff to receive those items.
 - a. Immediate family members may pick those items up as long as they possess a valid State issued Identification card or Driver's license.
 - b. No inmate can leave his/her commissary order to another inmate.

Q. Gain Time

1. Inmates who are sentenced to the Alachua County Sheriff's Office Department of the Jail *may* be eligible for gain time, except those sentenced on Civil charges or contempt of court or where otherwise specified by court order. Inmates **DO NOT** have a right to gain time. As allowed by Florida statute and Alachua County ordinance, all awards and forfeitures of gain time will be at the discretion of the Director or his designees. In cases of serious misconduct, all or any part of an inmate's gain time may be taken away.

2. It is the policy of the Department of the Jail to make a good faith effort to fairly award the maximum allowed gain time to inmates who demonstrate good behavior, work willingly, and demonstrate meritorious conduct.
3. *Gain Time will be awarded according to the following rules:*
 - a. Five (5) days of Good Conduct Gain Time will be awarded for every twenty five (25) days in which no charge of misconduct has been sustained against you. Gain time will be based on the credit for time served given to you by your judge. Gain Time is not pro-rated. You have to serve all of the twenty five (25) days before you receive the five (5) day award. No Good Conduct gain time is award for prior incarcerations.
 - b. The gain time that may be awarded for being an inmate worker (Trusty, Pod Worker, or for being in Work Release) is one (1) day for each six (6) days you are on inmate worker status during this incarceration. No inmate worker gain time will be awarded for prior incarcerations.
 - c. Gain time of up to three (3) days may be awarded for the completion of Life Skills or Substance Abuse programs during the current incarceration only. The maximum award is three (3) days for ALL of the programs you complete within every thirty (30) day period. The Programs Manager must provide the necessary information in writing to the Gain Time Coordinator in order for the inmate to be awarded Program Gain Time.
 - d. Gain time may be awarded for an outstanding deed or service as recommended by a staff member in writing and approved by the Director.
 - e. The total number of inmate worker and programs gain time that may be earned in a thirty (30) day period is five (5) days.

Some important points to remember about gain time:

- A gain time award of any kind may not reduce your time to serve day for day. The effect of a gain time award on the time you have left to serve will depend on how much other gain time you receive in the period in which it is applied.
- The shorter the time you have to serve the less effect gain time will have on your release date. For example, unless you will serve enough time to earn six or more inmate worker gain time days, the inmate worker gain time you earn probably will not have much effect on your release date.
- Completing a program does not mean you will automatically receive gain time for it. For instance, you won't receive gain time for classes that overlap another class, were taken while you were an inmate worker, or that would cause you to earn more and three days gain time for every thirty days for program classes.
- There is no additional gain time for "extra" or "special" work. Working hard and doing what you are required to do is what being an inmate worker is about.

R. In-House Programs

1. Check the General Programs and Privileges Availability Schedule (back cover) to determine if your classification allows you to participate in these programs.
2. Inmates that wish to participate in the listed programs/services and are eligible to do so must submit an Inmate Program Consent Form. By doing so, the inmate understands that refusal to attend as scheduled without 7 day prior written notification on an Inmate Request Form may result in disciplinary sanctions.

 - b. Inmates may check out a maximum of two (2) books and one (1) magazine, religious, GED or Life Skills related materials. Books may not be transferred

Inmates have the opportunity to read books, perform legal research, or listen to tapes. Inmates on administrative segregation status or maximum security status do not receive library privileges without special permission. Inmates in these areas will be allowed to check out books through the book cart.
- d. Books on law in the library are available during normal library hours for general population along with special hours for those qualifying inmates who cannot be mixed with general population. Inmates housed in units which do not normally go to the library must fill out a request form and direct it to the Security Operations Captain.

V. *****Due to the special classifications of these specific housing units, it may be necessary to call the DOJ Lobby number at 352-491-4511 to find out if the inmate that you wish to visit has a separate visitation time than what is listed for the general population of their assigned housing unit. The visitation schedule may change at anytime, so please call before coming to visit.

*Due to the special classifications of these specific housing units and your classification status, you may have a different visitation time than the general population of your assigned housing unit. Please have your visitor call the Lobby, before they come out to visit, for your specific visitation day and time if you have a special classification.

Pastoral/Clergy visits will be accommodated as space allows. Clergy are encouraged to call ahead to check for availability.

For those inmates housed in areas with only upper level visitation booths, accommodations will be made using alternative visitation areas.

Always double check your visitation times; there may be periodic changes which have not been reflected yet in this document.
